Cup 2021**

**RAISE
HAND
For Our Women**

March

The graphic features two handball players in action, one in a green jersey and one in a white jersey with red checkered accents, both holding blue handballs. To the right, there is a stylized illustration of three women's faces in profile, colored orange, pink, and red, with a floral wreath above them. The text "March" is inside the wreath. The overall design is vibrant and celebratory.

International Women's Day

#ChooseToChallenge

#IWD2021

... Pages 2-3

We celebrated International Women's Day, on the 8th of March with a series of events. Firstly we worked together to create #Choose To Challenge posters depicting our challenges and celebrating the achievements and diversity of our female colleagues. International Women's Day is aimed at raising awareness for equality for all Women and how we are supporting the Women of MiTek.

Thank you for sharing your thoughts and opinions with us!

Our next event was 'Fresh spring roll making' which was held in the afternoon. The male colleagues enjoyed making delicious spring rolls for their female team members right here in the MiTek Vietnam office as a way of showing appreciation for their friendship and teamwork.

While only one team can win, we are very proud of all the players for their dedication, commitment and teamwork all while having fun and enjoying themselves

Please support the Women's Handball Competition and your favourite teams!

MITEK PEOPLE

It is such a great honor indeed for me to be here in the “MiTek section” to tell you a little bit about my story.

I am Hai, 25 years old, based in Saigon. It has been more than a year since I was a part of PG as an estimator. Quitting my first job, I ended up discovering new aspects and PG has coincidentally become my second home as the HR Department called me after I had applied for a job at PG through a recruitment website. The exciting thing here was that they called me not because of my application but seeing my resume on the website, what a fate!

Starting my first day at PG, I was astonished by the professional and creative working environment here, everything was organized so neatly. It was amazing to join in a class with the trainers who are so good at conveying their positive energy and knowledge to trainees.

Afterward, I was transferred to the second floor where I have spent most of the time here. Apparently, Life is always full of ups and downs, and mine is no exception. 2019 was not a good year. I worked hard and undertook a lot of training and I was beginning to wonder if I did something wrong. However, there is always light at the end of the tunnel.

Thanks to my great colleagues who pulled me out of the mire, I bounced back strongly then and what does not kill you makes you stronger. 2020 was a tough year for the world due to the COVID-19 but it might be a good year for me as I had a contract from CIP Finishes. I had chances to contribute my ideas in some important meetings. Also, I joined an English Team and became the host of November English First Day.

2021 is a promising year for me and I am still on my way to learn new things, challenge myself, and be ready to face to obstacles. I want to say thanks to all my great colleagues who helped me over the past year.

To end my story, there is a quote from Roy T. Bennett which I want to share with all of you is that “Do not fear failure but rather fear not trying”

Thanks for reading!

Hai Pham

Our 2020 Stars enjoyed their first Lunch Event on 18th March and they are all looking forward to celebrating and facing new experiences throughout the year.

Platinum Star 100 program rewards our best staff in different categories including KPI results, Customer Service, commitment to your team and your work colleagues, dedication to DEI and the community plus our 18-month new recruits category.

In mid-April, all 100 Platinum Stars will participate in an amazing Reward and Recognition event in a mystery location with surprise experiences.

During the year our 2020 Platinum Starts will receive other benefits including 12 months free ELSA app (Learn and Speak English), and later in the year, an incredible 4-day personal development course.

100. A nice rehearsal

Gratitude takes daily practice and the best way to do it is to use a gratitude journal. The process is simple. All you need is a notebook and a pen. Then every night before you go to bed, write down a few things that you're grateful before you go to bed.

WHAT WHEN WHERE

MITEK OFFICE 2 EXCITING NEWS

After the ground-breaking ceremony on the second week of March, the land has now been cleared!

Next we will see a fence and construction hording being erected.

During April the test piles will be drilled

In May the tender for construction will be confirmed with construction expected to start in July/July

The construction completion date is estimated for June 2022 with the interior fit out and occupancy to follow.

Exciting times for us – our family is getting bigger every week!

MITEK RECRUITMENT

Project Defense session of architecture students - **Ton Duc Thang University**, MiTek and OneCAD awarded 10 online Revit scholarships to top 10 students out of 26.

EARTH HOUR 2021

Earth Hour, is one of the largest global events in support of the environment.

In Vietnam, the campaign focussed on 2 topics

1. Saving Energy – Reducing Greenhouse Gas Emissions
2. No more plastic waste in nature

We recognised this this important global event by turning off the lights across the office and we thank all members of the MiTek family for participation in this meaningful activity.

WEDDINGS

• Đức Nguyễn (Peuker)

• Duy Huỳnh (Pasquill)

NEXT GENERATION

- **Ms. Yen Dang**

The Truss Company has become mother of a lovely baby girl weighing 2.9 kg on 10th March 2021.

- **Mr. Hien Tran**

Management_RHB has become father of a new born baby boy weighing 3.1 kg on 7th March 2021.

- **Ms. Tuyen Tran**

Meticon Homes has become mother of a new born baby boy weighing 3.14 kg on 19th February 2021.
