The characteristics of serving our customer, growing professionally + personally and 'having some fun' have never diminished. It's what gets us up in the morning, and what helps us be better members of our family and community. Enjoy the images of 2,500 MiTek Vietnam staff as we celebrate this amazing milestone."

Celebrating 2500 STAFF at MiTek Vietnam

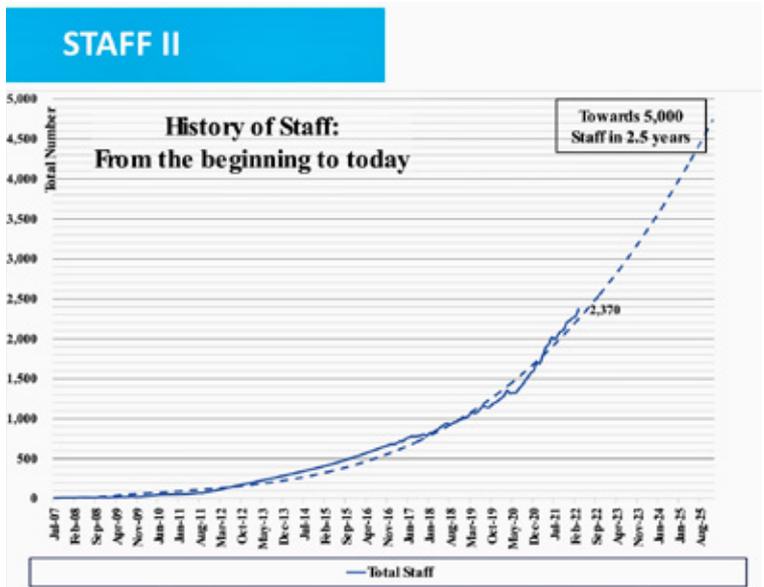

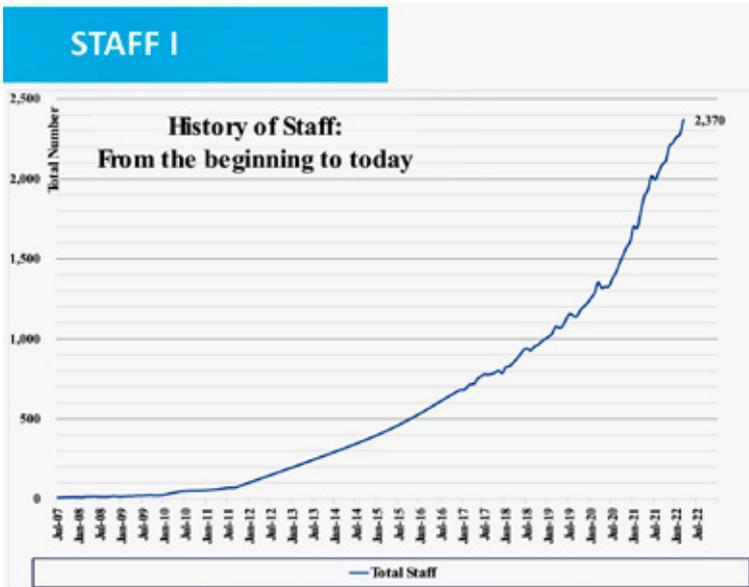

This month we celebrate the appointment of our 2,500th staff member here at MiTek Vietnam.

Our history in Vietnam started in 2007 with the establishment of 8 initial staff - more than half of these are still with us today. From 8 staff, we progressively grew to over 50 staff and then quickly grew to 100.

For a while 100 - 150 staff seemed to be the "sweet spot", but as more Australian Home Builders connected with the benefits Services offered their business' more staff were needed and we grew to over 200.

With the expansion of Services across North America, and into UK / Europe, South Africa and now Japan, the team has grown too over 2,500 staff.

Welcome

Guests to MiTek Vietnam

It is our pleasure to welcome back our guests visiting us at MiTek Vietnam.

Training OVERSEAS

Congratulations to Chinh, Phuoc, Xuan and Tuan who recently undertook training overseas. This is the first group to travel after more than 2 years due to Covid. We hope that other employees will have the chance to experience overseas training trips soon.

Hello, everyone!

My name is Tho, I'm 28 years old. I was born in Tay Ninh province, a neighbor of Ho Chi Minh City. I graduated from college in 2016 to be an Air Conditioner Engineers, I found a job in my field of study at a Mitsubishi dealer right after I graduated.

I came to MiTek Vietnam in Aug, 2019, then I became a Z4 member after completing 3-week of training. Z4 is a small team of MiTek Building Products, a segment focused on Commercial construction. We provide solutions to protect your home from lateral forces, like earthquake, strong wind, snow load, and so on. My job is an Estimator and I design pre-submittal Z4 systems. As a small team the Z4 group feels like a small family.

After work, we often cook or hang out together to share our personal life together, it makes us feel happy , connected and reduces stress.

Traveling and photography are my hobbies. I am interested in exploring places around the country. Everywhere I go, I would love to try the famous food of those places, experience the life of local people as well as learn their culture.

As we know, Vietnamese food has unique characteristics in different regions. I think that if you skip the culinary experience of a region, it means that you haven't been there. I also take a lot of photos to save memories to share with my mates on social networking websites.

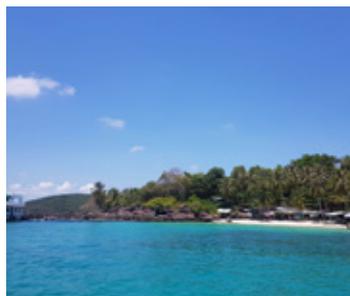

These images are of my trip to flower Sa Dec village, to see how the farmer takes care of flowers in Spring 2022. This trip is so awesome with beautiful sunsets.

Landmark 81 with all the lights on looks like The Vietnamese flag. A unique moment which I captured by drone on the first day of 2022.

Sapa Town sinks into fog. The view was amazing when I climbed to mountain peak and looked down to the Town below. If you're lucky, you can see snow in winter at Sapa.

Hope you enjoy this letter. See all of you next time.

4TH JULY
INDEPENDENCE DAY

Bich Nguyen (NVR)

Thoai Nguyen (Calco Trusses & Timber)

We welcomed 42 students from HCMC University of Technology and Education who came and learnt about MiTek and career opportunities.

They experience a meaningful and practical day where they had a chance to converse with our university ambassadors. The Students asked questions regarding technical training, and the skills they need to equip them for their working lives.

We hope that we can have more activities that help students have a first-hand and memorable experience before graduating and starting their careers.

Summer SCAMPING

NEW LEVEL NEW CHOICE

- Date: 31th of July, 2022
- Location: B0 CAP VANG Ecotourism area, Dong Nai province

The MSCC supports
and enables
disadvantaged children
and young adults in
Vietnam to reach their
full potential.

Founded by MiTek Vietnam

MiTek Saigon Charity Council

Give It Forward spirit!

24 members of the MiTek management team and Saigon Children Charity council participated in a workshop focused on developing skills:

- **Communication;**
- **Teamwork;**
- **Time Management;**
- **Stress Control,**

with 102 selected students.

Everyone had a fantastic, time with the students learning practical skills that will benefit them in their lives. The event was held at the Bo Cap Vang Ecotourism area in Dong Nai, where Saigon Children's Charity (SCC) host their Sunday in Summer Camp

MSCC would like to sincerely thank Ms. Le Na, Ms. Thoa Huynh, Mr. Tien Do and Mr. Tuan Hoang for their participation in this event.

As a group, we were grateful to Mr. Hung Hoang, the HR team and all of the MSCC members. Enjoy the photos from the day together.

Hi All,

August was an interesting month for a Microsoft Teams background contest with topics including Youth Day, Vu Lan, August Revolution, World Humanitarian Day. Our designers have yet again brought their ideas to life in creative ways.

- 2nd prize: Nguyen Thi Bao Truc - 707905

- 3rd prize: Pham Vo Hong Nhung - 716396

- Consolation prize:
Nguyen Thi Phu Quy - 716555

- Consolation prize:
Nguyen Thi Ngoc Yen - 716061

2022 MICROSOFT TEAMS BACKGROUND DESIGNING CONTEST

LD&P

"Learning,
Development
& Performance"

One-A-Month

Will power is a finite resource and a very limited one at the same time. Below, we'll offer you a habit for your self-development which you can adopt each month.

#Julyhabit - Keep yourself updated with current affairs and news

Staying updated with the latest news and happenings around the world is very important for all as these occurrences may have direct or indirect effect to your life. Here are some tips which will help you in keeping touch with the latest news:

- *Make a time slot.*
- *Read the news daily with a newspaper or your phone.*
- *Read the important news items and the news items of your interest diligently.*
- *If possible, make notes of the important points.*
- *Think about the news and biases from different angles, and try to have your own viewpoint about the issues as well.*
- *Share with your family and your friends*
