Season's Greetings and Happy 2023 MiTek Vietnam! In celebration of the end of 2022 all staff were invited to our end of year MiTek Vietnam Christmas Block Party!

What is a block party? Well, it's where members of the same community congregate and close-down a block including the surrounding streets to have a PARTY! Sound familiar?

So that's what happened at the PARTY on Friday, 09th December! A chance for staff across all offices to come together and enjoy delicious food, lots of drinks, different amazing activities and the variety of live entertainment!

Everyone had a great time!

Be sure to let us know what you think about the last event as well as what you want to see in the upcoming ones. Better yet, if you wish to join us in making these events colorful and fantastic you can contact your Team Leader/Manager for further information on how you can participate, and we look forward to seeing you in the future!

MiTek People

Hello, MiTek family!
My name is Duyen.

I have been working as an estimator for the Glenwill Homes team over the past Year. My first and only customer from the first day at work. I am very happy for my post to be shared with everyone. I am confident that I can spread my positive energy to all of

you. After getting a bachelor's degree in Biotechnology, I did not think that

I would become an estimator one day. However, no matter what my beginning was, MiTek has given me more than just work.

I believe that working for MiTek is like a journey, so I need to adapt myself to the changes.

Looking back, I am now a better version of myself because I have more confidence in myself to achieve things. Working with Australian customers gives me a great opportunity to learn English as well as their culture. I'm grateful to MiTek and my "super nice" customer – Glenvill Homes for guiding me from a girl who knew nothing about construction to an estimator with more than one-year experience. I would like to see a Glenvill house in real life in the near future. Aside from work, I feel that maintaining positive customer relationships is the greatest approach to understand people as well as their cultures.

Now, I enjoy working here. I believe that I have a great team. I focus on developing myself to be a multi-tasking staff. So, I have started learning about Drafting. I think that my work can be more effective if I can support all members.

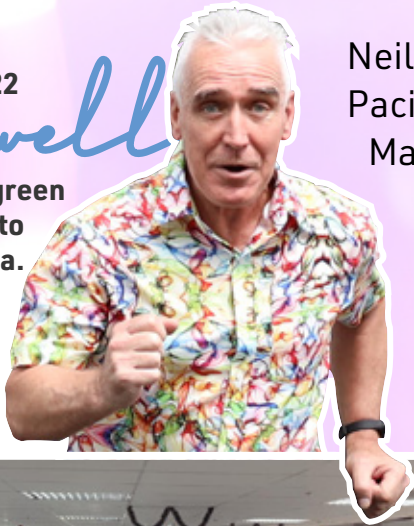

ENJOY YOUR LIFE!

As a part of MiTek family, I grab opportunities to learn as well as to work with so many fabulous and energetic people. I gained new knowledge and experience through company activities. I think it is great because without changes, life becomes boring. Have fun and you can do everything. Besides, I also have one more small family named "Bắp xào trứng cút lộn Team". We share everything: funny stories, food, drinks, and challenges. We always raise energy together every day, every time, and the word "bored" is never in our dictionary. Thank you for reading!

Farewell

Dec 2022

Neil Lindegreen moving to Australia.

Neil Lindegreen has accepted a role with MiTek Asia Pacific based in Australia as our Corporate Sales Account Manager. Neil will help build the MiTek relationships with our largest customers across Australia, New Zealand and Japan.

Will Neil be missed from Vietnam? – absolutely, but, as part of MiTek Asia Pacific, we know that Vietnam and our team here will always have a big place in his heart. We look forward to catching up again with Neil when he returns in March 2023 for a visit.

Thanks Neil for your amazing contribution to MiTek Vietnam and looking forward to working with you in Australia for many years.

stronger and closer. We visited some construction sites, and we had a better understanding of the impact our work has. We got to visit the PlaceMakers showroom and factory and learned how they produce their products.

We visited the MiTek office in New Zealand in order to see how the production process happens We had a fun and delicious lunch together when we cooked traditional Vietnamese dishes for more than 30 people working at NEU's main office. We also got to visit some places Redwood tree-walk, Tepuia, we explored the age-old Maori culture at Buried

village, and enjoyed ice cream at Hamilton lake. The thing that impressed us most during the trip was that in New Zealand, is how green the trees are AND they are everywhere. The scenery is very peaceful, breathtaking without car horns on the street. This is the country worth living in, we will come back and meet you again on the next trip. We would like to thank our friends in New Zealand and support team who welcomed and took care of our group during the whole journey." - by Hien Tran

Wonderful to see the progress on the basement at Office 2, Vietnam with capacity for 3,000 motorcycles. After over 6 months delays due to COVID restrictions in Ho Chi Minh City, we had a

prayer ceremony on 09th December to grant a safe and happy working environment for everyone on the project. With 8 floors, and with combine the link to Office 1 next door, the two offices will house up to 3,000 engineers, architects, detailers and estimators serving up to 500 customers worldwide.

Thanks to Linh Huỳnh, John Rowe, LêNa Trần and everyone on the MiTek Vietnam Office 2 Project.

Secret Santa

Secret Santas with small gifts has brought so much funs and surprises in the end of the year. Merry Christmas! With many good wishes for the holiday season and the coming year.

MITEK VIETNAM OFFICE 2

SPOTLIGHT from

Recruitment

WORKING HARD TO SEEK THE TALENTS

The Recruitment Team had a busy time with 2 recruiting activities with our close universities on 2nd December:

- Office tour for Civil Engineering students from HCMC University of Technology (HUTECH) ended with meaningful sharing and nice moments at the office.
- The Job Fair at Ton Duc Thang University attracted many candidates to MiTek's booth to get information about us and what a career in MiTek is like.

Thanks to ambassadors from COM, RHB, and Admin Segments supporting the Recruitment Team and making the day successful. We could not do this without the support from all of you!

The Lunar New Year 2023 is coming soon to everyone. Furthermore, the designs in January 2023 brought a lot of colors and atmosphere of our traditional Tet Holidays. We would like to congratulate the following designers who excellently won the prizes in January 2023 of the Microsoft Teams Background Designing Contest.

- 2nd prize: Huynh Gia Dao – 713726

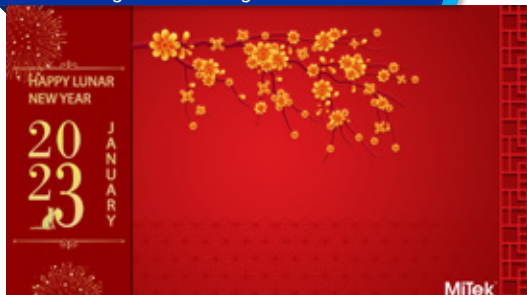

- 3rd prize: Pham Cong Dinh – 712180

- Consolation prize:

BE OPTIMISTIC

Life is too short to be pessimistic. Be grateful for what you have, such as your friends, family, and possessions, instead of being bummed out about what you lack.

POINT OUT YOUR DESTINATION

Take your time thinking about what you REALLY want to happen this year. A goal should be S.M.A.R.T. (specific, measurable, achievable, relevant and time-bound) and map out your path.

SAY "NO" TO DISTRACTIONS AND DOUBTS

Amid modern distractions, take care not to let them divert you from the path you've chosen for yourself this year. Sometimes you need to be relentless with your resolve and zone out those hindrances.

BUILD RELATIONSHIPS

As seen in movies and stories, the hero is almost always accompanied by a companion or partner. Devote your time and heart to the right people, and you will leave a positive impression and inspire aspirations.

COMMIT TO PROMISES

After you've planned everything and had your path laid out in front of you, it's critical that you stick to it. It requires determination, dedication, and commitment to see things through to the end. Don't be sidetracked by external factors, only you can decide to continue taking the next steps.
